

# FUN & HEALTHCARE

IN A UNIQUE PURE AIR SPACE

**BUBBLE**  
PURE AIR kids

## BUBBLE | PURE AIR Kids

Bubble | Pure Air Kids the first mobile space where it is possible to breathe constantly regenerated 99.995% pure air, free from contaminating particulate, free from bacteriological and allergenic agents, and with gaseous pollutants reduced to levels of comfort.

Bubble | Pure Air Kids is a unique space with 99.995% pure air where kids can play while breathing pure air free from particulate and gaseous pollutants while breathing pure air free from gaseous and particulate pollutants. This Bubble has been especially designed for children and can be customised with specific colours and decorations. The longer they breathe pure air, the more they will benefit.

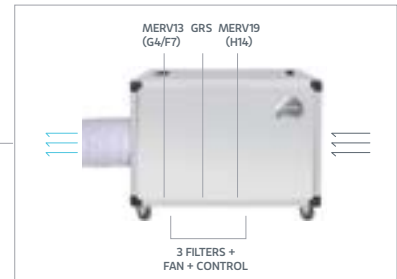

4 Purified air outlet

3 Continuous air regeneration  
40 air changes / hour  
IAQ 1\*  
ISO 6 Clean Room certification\*\*  
Purified air

2 Gaseous and particulate pollutant filtration

1 Contaminated air inlet

\* Environment Centre Laboratory, LCMA, UPC  
\*\* Operational qualification (OQ) report by CVTEC
