**PURE**  
AIRBOX HOME

## PURE AIRBOX HOME

Pure Airbox Home is a portable air purification equipment adapted to be used in interior spaces. Its exclusive system filters and purifies polluted air, turning it into an air with optimal conditions, free from polluted particles, environmental ozone and with reduction of toxic, irritant and carcinogenic gases at comfort levels.

Its proved filtering system efficiency consists of three stages: **Pre-filter** for large particles, an **absolute filter** for removing microparticulates and the exclusive filter GRSYSTEM by Zonair3D, through which the gases are reduced to comfort levels by activated carbon filter, developed by R&D team of Zonair3D.
